**Membership Drive – Looking For a Few Good People**

The Goodrich Family Association, like any Family Association, needs an infusion of new ideas and assistance from time to time. We anticipate expanding our Executive Board in the near future and adding to our list of volunteers who will bring their enthusiasm and contribute ideas to help us grow. In an effort to fill those needs, we are having a special membership drive from now until the end of the year. For all those wishing to join our association, the dues have been reduced to \$20 for the **individual first-year membership**. As of January 1, 2009, that type of membership will resume its normal rate of \$30.00. If you would like to take advantage of this offer, a membership application is on the last page of this newsletter. Be sure to fill out the volunteer area of the application and indicate your strengths and interests. If you have any questions, please contact us at

[gfagenealogy@yahoo.com](mailto:gfagenealogy@yahoo.com). We know that many of you out there can add experience and energy to our membership. We will welcome you and your ideas in order to help us grow.

## Ongoing Goodrich Family History Project

~Delores Goodrick Beggs

Our Goodrich Family History continues to grow. We appreciate the continuing contributions of your sourced additions, corrections, and missing information to fill in gaps. Your ancestry will assist us in making the Goodrich Family Association files THE standard for Goodrich and variant spelling information.

We are especially seeking to add the generations born after *The Goodrich Family in America* was published in 1889. Please indicate the correct LWC online file number your information connects to, or the identification and page numbers in the book. We can place unconnected ancestries in our Miscellaneous grouping until such time additional connections may be verified.

Your ancestry, together with your sources, can be emailed to me at [gfgenealogy@yahoo.com](mailto:gfgenealogy@yahoo.com). Please, no gedcoms. Printed reports preferred. For large ancestries, email me for a postal address to send photocopies.

## Goodrich Surname DNA Project Update

~ Delores Goodrick Beggs  
Goodrich Surname DNA Project Group Manager

Our growing Goodrich and variant spellings DNA project is currently 32 members strong. There are three 3 mtDNA test participants with results posted.

It was exciting to receive matches among Thomas Goodrich of Rappahannock, Virginia, born 1614, test participants, and our main William Goodrich block. As a result, my current goal is to gain test participants from all variant spellings. If any more names and/or unconnected persons find a new connection among our existing Y-DNA project members, we want to know.

**Come visit the Goodrich Surname DNA Project's New Web site!** I had previously mentioned a new DNA site for us was in beta testing. Our new World Families DNA project site is up and running now. It features more pages than we had before, including a page exclusively for posting mtDNA test results and one for ordering tests. The pedigree chart and Y-DNA result charts have recently been updated and posted. Check them out at our new DNA page address:

<http://www.worldfamilies.net/surnames/goodrich>

Note the above new URL is slightly different from the old one. At this time the old Y-DNA e-address still works, but it is uncertain for how long. You will want to bookmark this new DNA project address.

You will find all the old pages, and some new pages and new features. If you haven't visited it, take a few minutes to look it over.

**Here are some of the new features:**

- A search box on every page of the [www.worldfamilies.net](http://www.worldfamilies.net) web site to help you find our web site, or other surname projects of interest to you.
- A special navigation bar just for our project web site that includes a link to order tests and a link to post your pedigree.
- New pages for our project web site, including an mtDNA<sup>i</sup> page, a "help" page, a discussion page, a "join project" link, as well as the important Patriarchs' Page and the Results Page.
- You don't need to be registered or logged in to view any of the project pages, or any other pages of the entire web site. You only need to log in to post on the forum, or to use the "Track Project" feature.
- "Track Project" allows you to click a button at our project's web site, and a link will appear each time you return to [www.worldfamilies.net](http://www.worldfamilies.net) and log in. You can track multiple projects.
- A wealth of information on each project page, including "Notes on Pedigrees" on the Patriarch Page, and "Notes for Understanding Results Table" on the Results Page.
- "DNA the Smart Way"--a step-by-step guide to getting most out of your DNA testing. <http://www.worldfamilies.net/smart>
- "Tell a Friend" feature lets you invite others to see the web site.

**While you are visiting our project's web site:**

- Take a few moments to post your pedigree if you haven't yet. (Pedigree link on right on project navigation bar. You must register and/or log in to post)
- Post any questions, answers, or comments on the Family Boards (link is second from right on project navigation bar)
- Look at the Results Page to see if there have been new developments in the project.
- Click the "Track Project" button while you are logged in.
- Decide if you need to upgrade your test markers by taking a look at this page: <http://www.worldfamilies.net/upgrade>

**You can always email me by clicking on my name at the bottom of any project page.**

We are currently seeking male Goodrich test participants, and also Gutridg, Gutridge, Gutterich, Goodrick, as well as other spellings of the name. For more information, contact me at [gfgenealogy@yahoo.com](mailto:gfgenealogy@yahoo.com) with your stripped down pedigree listing.

## **In The News**

~ Delores Goodrick Beggs

The LDS Family History Library has a new web site up and in testing stages for researchers. One very nice thing about it is that some of their digitized record collection is available on the site and can be downloaded, saving a researcher the FHL \$2.00 a page photocopy fee and the wait. The URL is: <http://www.familysearchlabs.org/>

Seven “Projects” are available from the home page, Record Search, Family Tree, Standard Finder, Research Wiki, Family Search Indexing, Life Browser Prototype, and Pedigree Viewer (12 generations possible!).

Click on one of the graphic boxes to open that project to search. In the Record Search, for instance, a listing of names comes up in response to your search. Running your cursor over them pulls up additional information about that person. If there is a dark box beside the name, that indicates further information is available, usually a record. Click on the name to access this. If “View Image” appears at the top, click on that to view the digitized record. You can save the record to your clipboard to download and print in your word processor.

Check any information you obtain from the site, as it is still in process and errors are being corrected.

### Notes on a Family Album

I sit before some photographs  
Of people I don't know.  
Mom said, "They are your relatives,"  
But that was long ago.

I see some family features now;  
I have begun to care.  
Since Mom is gone, I cannot ask,  
"Whose picture is that there?"

She used to get the album out  
And put me on her knee;  
Then pointing, with a story line,  
Tell family history.

If you have photos in a book  
Without a caption, too.  
Go get a pen and label them,  
Or you may wonder, "Who?"

The captions used were all her own,  
Each time developed new.  
We never thought to write them down  
Before her life was through.

~Mary F. Heisey
